Design styles

Everyone has their own style. Even when it comes to outdoor living, nature and architecture prefer to blend seamlessly, while still blurring the boundaries between indoors and outdoors. As an ideal source of inspiration, Renson developed 6 styles of outdoor living: colours, materials and textures perfectly matched, combining pure comfort with functional and aesthetic added value.

Limestone, sand and natural white tones and textures for an airy atmosphere: **Pure Essence.**

A refreshing and timeless look with Italian touches for maximum enjoyment: **Idyllic Garden.**

Sleek minimalism that completely blurs the boundaries between inside and outside: **Crystal Lounge.**

A minimalist style in a dark colour palette, inspired by traditional Japanese architecture: **Spiritual Harmony**.

Warm, southern colours, textures and materials for an instant summer feeling: **Earth Oasis**.

Radically contemporary and young, with a warm undertone of dynamic playful colours: **Tech Cocoon**.
